Ms. Emily McCord  
Town of Southwest Ranches  
Community Development Director  
6589 SW 160<sup>th</sup> Avenue  
Southwest Ranches, FL 33331

Dear Ms. McCord:

I would like to recommend Miller Construction Company to be the Construction Manager on your upcoming Public Safety/Municipal Complex. I had the pleasure of working with Miller's team during the design and construction of the Public Services Complex and Fire Station #15 project for the City of Tamarac.

From the onset of the project with Miller Construction Company, through the stages of the cost estimates and contract negotiation, and with the completion of an award-winning facility, we gave them high marks. Their level of professionalism throughout the process continued to impress us. Mr. Miller stood behind his personal assurances given during the RFP process, at great cost to his company. I applaud his integrity, and that of his company.

We felt an extraordinary level of trust with the Miller team as they delivered on this design/build project for our City. I'm certain your town will benefit as well and I encourage you to select Miller Construction Company.

Sincerely,

A handwritten signature in black ink, appearing to read "Raymond E. Gagnon", with a long, sweeping horizontal line extending to the right.

Raymond E. Gagnon, P.E.  
Director of Utilities
