Dear Mr. Voelker:

I would like to take this opportunity to express my appreciation for the work that your firm did on our recent building renovation. Not only did your employees do an excellent job on the new building addition but they expertly handled numerous problems posed by the replacement of the old brick façade. The final product is a beautiful building where you cannot differentiate between the old building and the new addition.

Should you ever require references for future work, feel free to use our name.

Sincerely,

GREMLEY & BIEDERMANN, INC.
