

Testimonials

The shower enclosure is absolutely gorgeous—tight seams, perfectly level, great alignment – all in all, great job.

The craftsmanship, the quality and the service that we received was outstanding. It is hard to believe that the glass shower doors have transformed our master bath into the spa-like atmosphere that we so desired. Thank you for exceeding our expectations.

Summit NJ

It was our first time using GlassWorks, but it won't be our last. From the desk help to the final clean-up... it was a pleasure.

Summit NJ

What a pleasure it has been to work with GlassWorks – my wife is thrilled with the round table top you provided for our breakfast room. As you can imagine with young children there are those 'occasional' spills and the top makes it easy to clean up. Plus the work the guys did on our shower door has it working like the day it was installed. Thanks again.
