

CLIENTS FOR LIFE.

May 9, 2018

Jeff Mylin, President  
Paramount Contracting  
219 Witmer Road  
Lancaster, PA 17602

Dear Mr. Mylin,

We want to thank Paramount Contracting for the successful completion of the Abington House North Building and the multiple renovations in Gwynedd House. Warfel Construction has received numerous emails, letters, etc. from Foulkeways indicating how happy their staff and residents are with the new spaces.

This project was complicated, with different sequential phases, as well as being a large project in the middle of an occupied campus. Paramount Contracting did well managing their large number of workers within the project and keeping them focused on the correct tasks. Paramount maintained a clean and safe work environment, while upholding the level of quality expected by both Warfel Construction and Foulkeways at Gwynedd.

As always, it has been a pleasure to work with the team at Paramount Contracting, both in the office and in the field. Your team was knowledgeable, well-coordinated, and willing to work as a team to achieve the goal of successful completion on time and within budget.

Thank you for being an excellent trade partner and for your work at Foulkeways at Gwynedd. We look forward to working with you again in the future.

Sincerely,

A handwritten signature in black ink, appearing to read "Brad Lefever", written in a cursive style.

Brad Lefever  
Project Manager
